

build your dreams with

Hanex®
Solid Surfaces

Hanex® solid surface products are crafted from a unique blend of acrylic resins and natural materials. Ideal for all healthcare, food preparation, commercial, institutional and residential applications.

Why acrylic solid surface?

Easy to work with

- ✓ It can be bent and shaped during fabrication and cut with most standard saws

Antimicrobial

- ✓ Solid surface will not support the growth of bacteria (non-porous), which makes it invaluable in healthcare setting
- ✓ Jointless installation eliminates a place for crumbs, dirt, stains, and bacterial and other pathogens to get into

Environmentally friendly

- ✓ Renewable and repairable
- ✓ Sanding will remove scratches, small chips, and scorchs, also ideally for heavy-traffic areas or façade application

Highly durable

- ✓ Solid, perfectly smooth and homogenous material whose regenerable surface always looks brand-new
- ✓ Non-porous, acid-resistant and therefore easy-to-clean surface
- ✓ Are resistant to stains

Endless design possibilities

- ✓ Thermoformable / Seamless
- ✓ Almost any shape or size can be produced

The main benefits of Hanex® are:

Specialized manufacturer

- ✓ Bundling up the special know-how along the entire value-added chain of premium surfaces
